# PORTIA GODELLO (ORGANIC WINE)

Grapes sourced from different plots with clay-limestone soils, from vines over 30 years old, grafted with buds of the Godello variety.

We choose fermentation with natural yeasts to achieve the maximum expression of our environment. Aging on its lees provides volume on the palate. It possesses an enveloping texture and the almost magical volume typical of great white wines.

Pale straw yellow with greenish highlights. Fresh acidity, a well-rounded wine. A wine with aromatic complexity, dominated by white fruit aromas such as apple and pear.

## Pairing

Perfect to accompany a wide variety of fish dishes, sushi, as well as pasta and seafood rice dishes.

## Características

White (organic) Godello

75cl.
